Turbine wheel 197
Turbocharger 194
Turbocharging 194
Turbofan engine 199
Turbojet engine 197
Turboprop engines 198
Turboshaft engines 198
Turbulence 135
Turbulent air penetration speed, Va 261
Turn and bank indicator 229
Turn coordinator 229, 230
Turn, forces in 209
Turns, and load factor 215
TWB 146
Twilight 105
Two step method, de-ice 238
Type ratings, aeroplane 19

**U**

UHF 115
Ultimate load factor 169
Ultra long range flights, and crew duty 32
Uncontrolled airports, operations at 80
Undesired aircraft states 297
Unforeseen operational circumstance 26
Unforeseen operational circumstances, private operator 49
Unforeseen operation circumstances, split duty 32
Unforseen operational circumstances, flight duty 32
Units of measurement 254
Unlawful interference 284
Unserviceable areas, aerodrome 83
Unserviceable areas, marking of 250
Unserviceable equipment 57
Unusual attitudes 234
Upgrade training 39
Upgrade training, air taxi 71
Upper front 141
Upper Level Winds and Temps Forecast (FD) 153
Upper weather charts 159
Upslope fog 145
Upslope runway, illusions 294
Urgency 71
Urgency message 72
Useful load 273
User segment, GPS 123

**V**

V1 speed 265
